

Victor Harbor Road Duplication Project

Landscaping Work

We've doubled the capacity of Victor Harbor Road between Old Noarlunga and McLaren Vale, improving safety and making your journey more reliable.

The \$810 million Fleurieu Connections project is jointly funded by the Australian and South Australian governments.

What's happening

We'll be undertaking landscaping work to prevent erosion along Victor Harbor Road for approximately the next two months.

How this affects you

Starting Thursday night 15 May 2025, a section of Victor Harbor Road between Seaview Road and the McLaren Vale turnoff will be reduced to a single lane with speed restrictions in place. There may be some light spill and noise disruptions, but we'll do our best to keep the noise to a minimum. We will plan our works to try to minimise the impact as much as possible.

From Friday 16 May 2025, these works will occur between 7am and 7pm and are expected to last for approximately two months. Speed and lane restrictions will remain in place 24 hours a day for the entire duration of the works to ensure the safety of road users.

Some noise disturbance can be expected, but we'll try to keep these disturbances to a minimum. Please follow traffic management directions while work is in progress.

Adverse weather may impact our works, but we'll keep you updated via our website.

When

From Thursday night 15 May 2025 for approximately two months

Hours of work

Monday to Saturday between 7am and 7pm

Where

Victor Harbor Road
