Please take extra care when workers are on site. Observe lane restrictions, speed limits and traffic controllers when travelling through the area. VMS boards will be used to advise any changes to traffic conditions.

Some noise disturbance can be expected at times while these works are completed, however, the work will be managed to minimise disturbance to nearby residents and businesses as much as practically possible. You may also notice some light spill from mobile lighting towers.

Access for emergency service vehicles will be maintained at all times during these works.
