

Notification

Main South Road Duplication Project (Stage 1) – Southern Expressway

What's happening

This project is nearly complete. As part of works to finalise the installation of the Variable Message Board at Patapinda Road, there will be some temporary changes to traffic conditions and night works. Planned night works include minor asphaltting, temporary steel barrier removal and installation of the permanent safety barrier.

How this affects you

Some noise and light spill can be expected, but we'll try to keep these disturbances to a minimum. Please follow traffic management directions while works are in progress.

The confirmed dates for these works will be advised on our VMS boards and our website closer to the time. In addition, the Community and Stakeholder Engagement Team will contact you if the work directly affects your property, and we will keep you updated with information.

Detour information will be displayed on VMS boards in your local area and on our website.

Kind regards

Community and Stakeholder Engagement Team

When

From Thursday 4 April
for 3 weeks

Hours of work

Night works - Between
7pm to 6am

Where

Southern Expressway –
Patapinda Road
