

Notification

Main South Road Duplication Project – Seaford to Aldinga

What's happening

The Main South Road Stage 1 and Victor Harbor Road Duplication projects are nearly complete. As part of the finishing works, there will be some changes to traffic conditions and night works.

Work across the project includes:

- **Traffic management:** removal of safety barriers, signage installation, asphalt and tie-in work and road safety audits and inspections;
- **Road maintenance:** line marking changes, signage repairs, guard rail and safety barrier installation, localised pavement repairs and weed spraying; and
- **Dust Management:** including road sweeping and watering down if dry and windy weather

How this affects you

Some noise and light spill can be expected, but we'll try to keep these disturbances to a minimum.

Please follow traffic management directions while work is in progress. The confirmed dates for these works will be displayed on our VMS boards and on our website closer to the time. In addition, we will contact you if the work directly impacts your property.

Detour information will be provided on VMS boards in your local area and on the website.

The table over the page shows works in your area. We will keep you informed with information.
