

Fleurieu Connections Alliance

Intersection Closures

We're doubling the capacity of Main South Road from Aldinga to Sellicks Beach to improve safety and make your journey more reliable.

The \$810 million Fleurieu Connections project is jointly funded by the Australian and South Australian governments.

What's happening

As we progress towards project completion, we'll be undertaking final construction and finishing works at key intersections along Main South Road. These works will include landscaping, final construction works, asphalt and line-marking.

How this affects you

From Monday 24 November until mid-December, changed traffic conditions will be required at key intersections throughout the project area. Works will move progressively as they are completed, in the following sequence:

- Rogers Road Intersection;
- Cox Road Intersection;
- Hahn Road Intersection; and
- Norman Road Intersection.

Some noise disturbance and short-term night closures can be expected, but we'll try to keep these to a minimum. Local access will be maintained; however, we will contact you if the work may directly impact your property.

Due to the nature of construction, work programs and traffic arrangements may need to change at short notice. Stay up to date by registering for SMS updates. Visit www.fcalliance.com.au/SMS for more information.

Intersection works along Main South Road – until mid-December 2025

From Monday 24 November 2025, we will be undertaking final construction and finishing works at key intersections along Main South Road.

Works will start at Rogers Road and once complete move to Cox Road, Hahn Road then Norman Road. Some disturbances can be expected, including short term night closures of the Norman Road and Rogers Road intersections.

Detours will be in place, and SMS updates will be issued in advance. Our team will contact you if works affect access to your property

Works at Cox Road will be undertaken without a Road Closure. Changed traffic conditions, including lane closures and traffic controllers will be required to ensure works can be completed safely.

Access to and from Cox Road will be maintained at all times.
