

Fleurieu Connections Alliance

Project Update – February 2025

We're doubling the capacity of Main South Road from Aldinga to Sellicks Beach to improve safety and make your journey more reliable.

The \$810 million Fleurieu Connections project is jointly funded by the Australian and South Australian governments.

Over the coming months, the project will achieve several key important milestones, each representing a major step forward in improving infrastructure, enhancing safety, and supporting the growth of our community.

These milestones include switching traffic onto the new northbound carriageway south of Aldinga Beach Road, realignment of Aldinga and Aldinga Beach Road, using the new Aldinga interchange bridge, and continuing works along Main South Road.

Temporary traffic signals will in place to control traffic in all directions, including north and south traffic on Main South Road. These temporary traffic signals will be in place until mid-2025.

To help you better understand the impacts of the upcoming changes and detours, we've collated the key works program on the next pages.

Better connections to the iconic Fleurieu Peninsula.

New dedicated path for pedestrians and cyclists

Supporting growing communities with the infrastructure they need

Making it greener, with more native trees

Boosting South Australia's economy, supporting over 400 jobs each year
